COMMERCIAL KITCHEN FIRE SUPPRESSION SYSTEM

A Complete Pre-Engineered System

- Designed to protect Commercial Kitchens
- Everything you need together in one box

Fully Automatic

- Automatically detects and suppresses fire
- No electricity required

Fast Detection

- Protects cooking zones-directly above where a fire can start
- 9L Cylinder protects up to 2 cooking zones
- 16L Cylinder protects up to 5 cooking zones
- 25L Cylinder protects up to 8 cooking zones

ELECTRICAL CABINET SUPPRESSION SYSTEM TOTAL

REDUCES EVEN THE MOST CRITICAL ELECTRICAL FIRE RISKS:

- Combustion from short circuits, Overloading or overheating
- Extensive damage to circuitry
- Work stoppage
- Extensive cleanup if sprinkler system discharges

AGENT

Co₂ | CHEMOURS FM-200 AGENT | NOVEC 1230 FLUID

ROOM SUPPRESSION INEREX

Automatic Room Suppression System - Total Flooding System ECO Friendly

Application Areas [Most Sensitive Assets]

- Data Centrs, Server Rooms, Electronic Equipment
- Offices, Hospitals and Human Occupied Areas
- Museum, Archives, historic Building
- Government & Military Depots
- Transportation & Logistics.
- CT Scan Room
- Train Switching Station

A COMPLETE SUPPRESSION SYSTEM FOR MACHINES

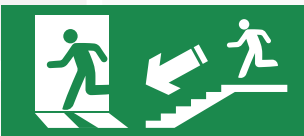

- ATM MACHINES
- FUME CABINET SUPPRESSION SYSTEM
- WIND TURBINE FIRE SUPPRESSION SYSTEM

- AGENTS
- Co2
- CHEMOURS FM-200 AGENT
- NOVEC 1230 FLUID
- ABC 90 DRY CHEMICAL
